

Grease

General Information

Here is some general information about participating in *Grease*. Please consider this information before signing up for an audition slot.

In order to participate in the Spring Musical, you must have and maintain good academic and behavioral standing. You must maintain this standing throughout the rehearsal process – failure to do so could result in dismissal from the production. You must also be willing to sign a production contract and follow the rehearsal rules given by the Stage Manager.

The rehearsal process for *Grease* will last from the second week in January until the performances on April 12th, 13th, 14th, and 15th. Cast members with leading roles can expect to rehearse nearly every day after school until 5PM. Chorus members will have a less strenuous rehearsal schedule until the three weeks before the performances, when all cast members need to be at every rehearsal. There may be weekend rehearsals if school closings interfere with the schedule. You must attend every rehearsal for which you are scheduled – excuses must be submitted at least two days in advance to the Stage Manager.
